To
The Principal

Sir / Madam,

Sub: Invitation for the participation of Engineering / MBA Students in KITS
YUVA - 2K19-reg

We wish to bring to your kind attention that we are going to organize KITS YUVA-2K19 at our campus on 1st and 2nd March 2019. The objective of KITS YUVA-2K19 is to bring out the latent abilities of Engineering / MBA students and to motivate them towards realizing latest trends in Technology / Management.

In this connection, we request you to encourage your students to participate in this grand event organized by us. We also request you to display the posters enclosed on your college notice boards and circulate the brochures to various departments.

Thanking you.

About the Institute:

The institute was established in the year 2008 with the blessings and guidance of Late Prof. C. Subba Rao, former Chairman, APSCHE. His mentee Sri. K. Subba Rao, the Chairman of the Institute established it with an altruistic motive of providing deserved technical education to the students with humble educational background.

KITS is located at Vinjanampadu village on the way from Guntur enroute to Prathipadu in a sprawling area spreading over 11 acres amidst lush Greenfields with beautiful landsite. The scenic landscape and the serene environment is absolutely conducive for academic pursuits. The Institute which is just 5 Kms away from Guntur city can be reached either by bus or auto.

The Institute offers five UG Programs in CSE, ECE,EEE,ME and CE and five PG Programs in MBA, M.Tech (CSE), M.Tech (VLSI), M.Tech (DECS) & M.Tech (PE&D). Since its inception, the Institute has registered considerable growth in terms of infrastructure. With the untiring efforts of management, the departments are accommodated with highly qualified and experienced faculty members that enabled the institute **got accredited with "A" Grade by NAAC in 2016, Permanent affiliation to JNTUK, Kakinada in 2017 and NBA Status in 2018.** The Institute is marching ahead by imparting quality technical education with an objective of producing young engineers and managers endowed with dynamic skills and prudence to meet their future challenges.

About KITS YUVA - 2019

The programme is aimed to explore the inherent skills and capabilities that lie with our young engineers. It provides a platform to project their creativity, ingenuity, analytical abilities, communication skills and also to exchange their ideas. It creates awareness and opportunity to learn recent advancements in technological front and at the same time provides fun and frolic in the form of cultural events and sports.
